

mFace800

Standalone Face Recognition, Fingerprint and Card Reader Time Clock

mFace800 is an innovative standalone biometric face recognition reader, fingerprint reader and built-in proximity card reader designed for Time & Attendance applications.

mFace800 offers unparalleled performance by using an advanced proprietary matching algorithm which is reliable, precise and has the fastest fingerprint and face matching speed.

The 4.3" TFT touchscreen can vividly display detailed information, including face or fingerprint image and verification result.

mFace800 comes standard with TCP/IP (Wired and WiFi) and RS-232 communication ports. An additional USB port allows administrator to transfer data when network is unavailable.

ABOUT MIDEX

Midex automates the job of scheduling, tracking and managing employee time and attendance, so our clients can save time and money by working faster, smarter and more efficiently. Our clients gain control over time and attendance functions with a combination of market-leading touchless, biometric face, palm, fingerprint and card recognition methods, working in tandem with our easy-to-use, web-based software.

If your employees are paid by the hour, Midex helps make payroll easier

- Manage Employee Attendance
- Automate Payroll Processing
- Eliminate Human Error
- Automate time tracking and reconciliation

SOLUTIONS FOR ANY SIZED BUSINESS

Midex Software is scalable to fit the needs of small businesses with fewer than 25 employees - to large multi-user, multi-location enterprises that employ thousands. Our pricing is flexible and reflects what clients want and use. You only pay for what you need.

We support a variety of touchless, biometric time clocks sourced from leading global manufacturers. Time clocks include various combinations of face, palm, fingerprint and card recognition methods. Together, they provide a highly reliable, easy-to-use time and attendance solution that's backed by unmatched support - and anywhere, anytime access."

mFace800

Standalone Face Recognition, Fingerprint and Card Reader Time Clock

FEATURES

- Color 4.3" TFT touchscreen with graphical interface for ease of use
- 1-touch, 1-second user recognition
- Stores 3,000 face templates, 5,000 fingerprint templates, 10,000 cards and 100,000 transactions
- Integrated proximity card reader
- Reads faces, fingerprints, proximity cards and/or PINs
- Built-in backup battery
- Built-in bell scheduling
- Built-in RS232, Ethernet, WiFi and USB ports
- Built-in USB port allows for manual data transfer when network is unavailable
- Audio-visual indications for acceptance and rejection of valid/invalid identifications

SPECIFICATIONS

Size (WxHxD)	7.6" x 6.5" x 3.4" (194mm x 165mm x 86mm)
Weight	1.316 (0.6kg)
Package Size (WxHxD)	12" x 10" x 4.5" (305mm x 254mm x 115mm)
Package Weight	4lb (1.8kg)
Power	12V DC 3A
Environment	Operating Temp: 32 to 105 °F (0 to 42 °C) Operating Humidity: 20 to 80%
Capacity	Face Templates - 3,000 Fingerprint Templates - 5,000 Cards - 10,000 Transactions - 100,000
Display	4.3" TFT LCD Touch Screen
Communications	RS-232 / RS485 TCP / IP (Ethernet) USB - host Wiegand Output
