

uFace800

Standalone Face Recognition, Fingerprint and Card Reader Time Clock

uFace800 is an innovative standalone biometric face recognition reader, fingerprint reader and proximity card reader designed for Time & Attendance applications. The uFace800 offers unparalleled performance by using an advanced proprietary matching algorithm which is reliable, precise and has the fastest fingerprint and face matching speed.

The 4.3" TFT touchscreen can vividly display detailed information, including face or fingerprint image and verification result.

uFace800 comes standard with TCP/IP (wired and WiFi) and RS-232 communication ports. An additional USB port allows administrator to transfer data when network is unavailable.

ABOUT MIDEX SOFTWARE

Midex Software is a leading provider of online Time and Attendance software and devices. Our cloud-based software supports a variety of devices, ranging from basic, non-biometric card readers, up to more sophisticated biometric time clocks.

Midex Software modernizes the way companies manage time and attendance

- Manage Employee Attendance
- Automate Payroll Processing
- Eliminate Human Error
- Online Time and Attendance Solutions
- Stop Unauthorized Overtime
- Eliminate "Buddy Punching"
- Reduce administrative costs

SOLUTIONS FOR ANY SIZED BUSINESS

Midex Time Control delivers a modern solution to an age-old challenge – tracking and reconciling employee hours – using today's latest technologies.

With 4 cloud-based solutions to choose from, our **Time and Attendance software** scales to any sized business, from our Free Express Edition for small businesses with less than 25 employees, to our most advanced, multi-user Enterprise Edition for companies with multiple locations and thousands of employees.
